(17/07/1910 - 15/12/1988)

*David School was born in the year 1992 and established itself as an institution deeply rooted in Indian tradition and values. The school was laid down in the memory of Lt. Shri Kishan Lal Ji and 'the spirit and the soul' of the institution planted a sapling with a vision to see it grow luxuriantly bent with beautiful flowers and fruits. As envisaged, the school has progressed by leaps and bounds under the statesmanship of our dynamic manager Shri Ramvir Singh and the diligent efforts of the staff. The school began its journey of thousand miles by starting with four rooms. The school has a vision to provide qualitative education , to lighten every house where all are educated. Keeping in mind the vision, the school has now achieved a milestone. It is a co-educational, school recognized by the Directorate of Education, Delhi Administration, and is affiliated to the Central Board Of Secondary Education.*

*As Albert Einstein said, " Education is not the learning of facts, but the training of the mind to think." Similarly we at David energise and excite the brain of the young minds to invent, to discover, to add to the body of knowledge by making a simple fact a research to help humanity. We strive to create geniuses and make life a constant adventure.*

*In the quest for knowledge, students are provided with ample opportunities to develop their talents and are helped in the development of an integrated personality imbued with a sense of duty and service. We ask our students to look for beauty in every experience, follow it up, enjoy it and make it lead you to your dream.*

**DR. SEEMA CHAUDHARY**  
(FOUNDER PRINCIPAL)

**IN EVERLASTING MEMORY OF A WOMAN KNOWN FOR HER VIBRANT SMILE AND HONEST HARDWORK...**

Sorrow and disbelief loomed like a dark cloud over David School when our honourable Principal Dr. Seema Chaudhary passed on to her heavenly abode and a strong yet gentle heart stopped beating and a voice that was kind and compassionate spoke no more.

Bidding us adieu on 21st May 2017, she was a treasure house of knowledge, an incredibly strong, selfless and courageous woman. A passionate advocate for our students and staff, she was like a towering tree planted by streams of water which yields its fruits in season and whose leaves do not wither whatever the season, braving each storm and tempest and standing tall throughout.

A special condolence meeting was held in the school to pay a rich and deserving tribute to her and cherish the rich legacy she left behind.

The lamp of learning lit by our founder principal will continue to rekindle the flame of her contribution and commitment towards the progress of school.

We solemnly pray to god to rest her noble soul in eternal peace, though no words can fill the void by her sudden loss.

**'Your presence we shall forever miss'**  
**'Your memory we shall always treasure'.**

Dear Students,

The word 'teacher' represents knowledge; transfer of the knowledge from the teacher to the taught. In fact, the foundation that builds a person in life is to great extent based on the knowledge he gets from his teacher. If there is somebody other than our parents who plays an important role in our mental development, it's our teachers. So respect your teachers and learn from them.

I would like to quote **"There's nothing you can't do if you really want to."**

The time to change that is now. You can download a new program into your subconscious mind. You should be aware that you are capable of anything that you set your minds to. The only limits you have are the ones you choose to place on yourself.

"Kids, I wish every mom and dad would make a speech to their teenagers and say, 'Kids, be free, be whatever you are, do whatever you want to do, just as long as you don't hurt anybody. And remember kids, I am your friend.'"

With best wishes.

Yours

I am really proud and exuberant to acclaim that David Model Senior Secondary School, Khajuri Pusta Road, Tukmirpur, Delhi is bringing out its annual magazine 2017-2018 "Rhythm", which will surely unfold the unravelled world of the most unforgettable and precious moments of the school. The enthusiastic write ups of the young writers of the school will be indubitably sufficient to hold the interest and admiration of the readers.

"Rhythm" is indeed a pious attempt to make the budding talents give shape to the creativity and learn the art of being aware because I believe that the success depends upon power to perceive, observe and explore.,

I hope and believe, in days to come, the school with all its glory, grandeur and goodwill to its credit, will imbibe the ennobling and pristine spirit of Indian culture and civilization in imparting education to boys and girls so as to put them on solid foundations to become good citizens.

I extend my facilitation and congratulations to all the teaching and non teaching staff on the above occasion. I also wish David Model Senior Secondary Public School for the successful publication of the annual magazine "Rhythm".

Yours sincerely

**I**t is heartening to know that David Model Senior Secondary School is bringing out its Annual Magazine 2017-18 "**Rhythm**".

The School is catering to the educational needs of the society with great zeal. The magazine, besides proving an outlet for the imagination and creativity of the students, will also foster the spirit of teamwork among them. The publication will also cover the write-ups of students, achievements in studies & co-curricular activities. I am sure that the staff of the school will definitely put its best to bring out the hidden talents of the students.

I wish David Model Senior Secondary School all success in its endeavour and also wish for the successful publication of the Annual Magazine being brought out on the occasion.

My Dear Students,

It gives me immense pleasure to know that David Model Senior Secondary School is bringing out its annual Magazine "**RHYTHM**" for the session 2017-2018.

"Do your best and do it every day" and "live life to the fullest" is my message to you dear students and parents. A whole new world is before you to explore. Each one of you is Special and each one of you will play a special role in this world. The 'goal' is to discover the role and fulfill it to the best of one's ability.

I genuinely wish that flipping through the pages of this Magazine '**RHYTHM**' will be a fascinating experience for all the teachers, students and parents.

With good wishes,

## MANAGER'S MESSAGE

It is indeed pleasure and privilege to address the children and parents of our school. Children are a gift from God. Our duty as parents is to bring them up the right way, by being their role models.

All children crave for the love, care and attention of their parents. When they do not get this at home, they seek it elsewhere and get into undesirable company, which may cause lifelong heartaches for them and their parents.

Spending quality time with children is very important. Little do we realise what children value and desire the most is the time their parents spend with them. When you get back from work, devote some time to your children even while you are attempting to complete your household chores.

Children are our most precious gifts and it is our duty to raise them as kind, honest and hardworking individuals not as potential money earning machines.

My message to all our children is: Obey your parents; love and respect them. Do not let peer pressure take you into dark streets which eventually end up in ruining your life and cause immense sorrow and humiliation for your loving parents. Always remember, there is not short cut to success. Our prisons are full of people who took short cuts to success. Give the first place in your life to God, and then everything will automatically fall into the right place.

May God bless each child and each parent and may he guide them and be with them so that they become examples for their community.

**Ramvir Singh**  
(Manager)

## PRINCIPAL'S MESSAGE

I am addressing you all for the first time through this magazine, 'RHYTHM' in my capacity as the Principal of David School as the time has come for me to be at the threshold of a new beginning, a reflection of the caricature of true human life which is under the flux of change almost everyday.

Before I begin further, I wish to convert my vision into reality by matching the footsteps of our Founder Principal, who was not only a source of inspiration to the entire school but also inspired integrity in those around her.

The first ever thought or feeling that wells up in my mind, as I address you, is one of gratitude. You have all been generous, positive and concerned in all your responses to the school. I am grateful and appreciative of all your care and co-operation.

It is said, "Success comes to those who work hard and stays with those who don't rest on the laurels of the past." In view of the aforesaid quote, the learner of today needs to do three major things: adapt to and deal with change, learn to live with paradoxes and exercise informed choices.

Success to these areas requires a continuum of learning, growth of knowledge and the ability and skills to use the knowledge so gained. It will involve development of cognitive, affective and spiritual spheres of an individual and learning the basic skills for survival, self-esteem and self-actualization.

I congratulate the Editorial Board on its tireless efforts in bringing out this publication.

I also extend my sincere thanks to the people who have contributed to this issue and enhanced its perfection and beautification.

Individually and collectively let's work to serve the cause of education. Let our boys and girls grow as world class citizens - a generation of eminent thinkers and wise planners contributing to a better world order.

With Profound gratitude,

**Vinay Chaudhary**  
(Principal)

## VICE PRINCIPAL'S MESSAGE

With Warm Greetings of New year, it gives me immense pleasure to associate myself with you all once again!

Dear Readers, each issue of 'RHYTHM' – our school magazine is a milestone that marks our growth, unfolds our imaginations, and gives life to our thoughts and aspirations. In fact, it does unleash a wide spectrum of creative skills ranging from writing to editing and even in designing the magazine. Therefore, I, sharing anything else, would prefer to congratulate the entire editorial team for their hard work and intelligent approach in making this dream come true.

We, Dear Readers, live today in a world that is so very different from one we grew up in, the one we were educated in. The world today is changing at such an accelerated rate and we as educators need to pause and reflect on this entire system of Education. Are our schools well equipped to prepare our children to face the challenges that the future holds?

Questions such as these are factors that motivate us to go through a continuous process of reflection and hence we at DAVID SCHOOL work at implementing a well balanced curriculum to ensure that the children who walk into the portals of our school will not just love their school years but truly be prepared to face life's challenges.

It was Margaret Mead- an American cultural anthropologist who said, " Children must be taught how to think, not what to think," and to enable this, we, at David School were encouraged by the very holistic approach of our Founder Principal, Dr. Seema Chaudhary whose untimely sad demise has been a traumatic event in the year 2017 for Davidians.

"TO MOTIVATE THE WEAK, TO ADDRESS THE AVERAGE AND CHALLENGE THE GIFTED" is the teaching visions that Dr. Seema Chaudhary – the departed soul gave us.

To compensate this irreparable loss, DAVID SCHOOL, by the committed and vigilant school management, has been augmented with the appointment of New School Principal, Mr Vinay Chaudhary. He is a Principal of great ideology, determinism and vision. It is, indeed, a matter of great pleasure and honour to me and all the teachers to work beneath his intelligent leadership and innovative guidance. I am sure the school will reach new heights and the students will be benefited at greater level with this decision of school management.

A committed and supportive management, dedicated teachers, caring and co-operative parents blend harmoniously to create a child centric school. It is very natural to find in this ambience, the intensive use of a variety of thinking activities, strategies and group dynamics so that the classrooms become alive. Teamwork is the Hallmark of David School and I am very sure through collaborative efforts we can achieve more to benefit our students who are the future of tomorrow.

With sincere and warm regards

**Ravindra Jha**  
[Vice Principal]

## M.D.'S MESSAGE

"Be a voice, not an echo." This prominent quote from Albert Einstein implies so much about today's education system. For any student who aspires to achieve something significant in life, it is essential to think unique and avoid being part of a congregation. I have sighted young minds with brilliant potentials following a similar path and getting misplaced in a crowd. In the competitive world today, it is imperative to have one's own opinions. Ever since I have been a part of this institution, I have realised that each student is creative and has the capability to think out of the box and stand out in a crowd.

Teachers and Parents play a substantial role in preparing a child for the future. In my opinion, a child must not be looked down when he/she fails in an examination. Rather we should realise that the same child with right amount of care and motivation can still accomplish something momentous in life. At no point in a student's life we should discourage him/her in realising their dreams.

At David School, we have always tried to provide a wide platform for students to come forward and showcase their skills. Under the guidance of our Manager we are bound to attain greater endeavours in future.

This session started on a doleful note. The school lost one of its strongest pillars in the form of our respected Founder Principal. She was not only a proficient leader but also one of the noblest souls I have ever met and worked under. She will remain in our memories forever. We promise to move her legacy forward by imbibing her qualities of honesty and fearlessness in us.

I congratulate our Editor-in-chief, Ms. Vineeta Chaudhary who has once again succeeded in bringing out the new edition of our school magazine "Rhythm". I also compliment the efforts of our students and teachers who have contributed to this magazine. Hope the readers enjoy this brand new edition with enthusiasm.

**Deepak Chaudhary**

## HEADMISTRESS'S MESSAGE

To channelize the creative aspect of children, the school has come up with another spectacular edition of the school magazine. This is not just a means for the school to communicate its thought but it also highlights the success and achievement of our students.

Our focus every year is to motivate students to exhibit their talent in both academics as well as co-curricular activities. This year too various competitions were held in school in which large number of students participated. The primary focus of these competitions is to prepare the children for the future and eradicate their stage fear completely. I am glad that equal zeal is shown by the parents in preparing their child for the various competitions held throughout the year.

In our endeavour to reach higher we introduced pro-physical education classes for the students this session. It is an initiative of 'Taare Zameen Par' foundation which allows the students to gain knowledge with the help of physical activities.

Our children have been able to leave their imprints in the path they have walked till now and the school has carved a niche of its own in the educational hub.

I take this opportunity to also acknowledge the extreme hard work of our dedicated staff and faculty who work round the clock to keep our school at the pinnacle of success. Eventually it is your efforts which direct the children towards the path of triumph.

It is appropriately said that "A dream becomes a goal when action is taken towards its achievement" and we are committed in taking constructive and purposeful actions to produce optimistic, independent, compassionate, life-long learners and leaders who will bring glory to the School, State and the Nation.

Best wishes,

**Ms. Bharti Tariyal**

Headmistress

### **MS.VINEETA CHAUDHARY** EDITOR-IN-CHIEF

Dear Readers,

Education is a companion which no fortune can depress, no crime can destroy, no enemy can alienate, no deportism can enslave. At home a friend, abroad an introduction, in solitude a solace and in society an ornament. -Joseph Addison

The curtains descend on another academic session and it has been a matter of great privilege to present before you yet another creative power of our students in the form of the school magazine, "RHYTHM". Every effort has been made to make this magazine a meaningful and a memorable one. I owe it sincerely to your kind readership and trust.

The effort of every educator should be to unlock the treasure and our school is an excellent example where everyone strives indefatigably for this. The institution has been nurturing young minds of the town for the past 25 years with the belief that "The Heart of Education is the Education of the Heart".

In this third issue of our school magazine we have endeavored to capture all the creative excellence and imagination that our students possess. For you, we have worked hard to bring an exhilarating flashback of the inception of the school, its history, events and achievements during the session 2017-2018. These debuting young contributors have conjured up some fresh ideas, novice thoughts, diverse writing styles and painting skills. I find that mature work with deep thought is coming their way.

I must here express my sincere thanks and gratitude to our founder Principal, Ms. Seema Singh who was a constant source of inspiration and a guiding light to me. In my journey, at every step her memories and blessings will continue to inspire every sphere of my life and work.

I extend my heartiest congratulations to our Incharge, Ms. Laxmi Pandey and our editorial team who did most of the spade work rounding up the contributions and tirelessly edging everybody on to the finished product.

We have once again, laboriously climbed up the convex slope like the phoenix of our crest, we have risen above, and each fire has seen a stronger and more determined unity rising from the ashes.

Hope you have a happy reading as you cascade the pages of this edition.

---

Dear reader,

I'm greatly privileged to communicate with you through this medium. I'm very thankful to Ramveer Sir to give such a good platform to us which helps in paving a good path for our career.

Please note that there is no shortcut to success. The secret to achieve your goals is to come out of your comfort zone.

Further, be realistic and have a positive attitude. This would spark extraordinary outcomes for you. Last, but not the least, persevere, stick to your goals till you get there!

Regards.

It is seriously very hard to describe DAVID in two-three lines. A lot of emotions are attached here. That awesome feeling whenever we used to be with our respected BADE SIR, RAVINDRA SIR, GURU Ji's surprise visits, morning assemblies, our very strict but sweet PTI BABITA MAM, all our respected teachers I guess it was amazing. There are many schools in India, but for me being a DAVIDIAN was like a family, will always love to be a part of this family. This place has helped me grow a lot.

Thanku for this initiative

It has been a very long journey since then..

I still miss those days

Regards.

## ALUMNI MESSAGE

### **Kartiki Verma**

Pursuing Masters in Economics  
from Delhi School of Economics (Delhi University).

I am Kartiki Verma (2013 pass out), currently pursuing Masters in Economics from Delhi School of Economics (Delhi University). I did my Graduation in Economics (Hons.) from Daulat Ram College (DU).

I Still recognize myself a part of David family and I am proud to be an alumni of it. A major contribution of all my achievements goes to its amazing teachers. I was the topper of Commerce Stream and

I owe my success to David School. From faculty to infrastructure, from academics to extra curricular, it is a full package that I can recommend to any one.

Regards.

---

### **Himanshu Chaudhary**

Pursuing B.Com (Honours)  
from Shri Ram College of Commerce, SRCC (Delhi University).

I never wanted to be a Davidian, but today I feel lucky that I was and still am a part of David. I was a student of David Model Senior Secondary School with commerce stream and I completed my schooling from here in the year 2015. David helped me achieve my biggest dream, Shri Ram College of Commerce! David gave me the opportunities to develop myself which I did not get earlier in my life and more importantly it gave me the confidence to exploit those opportunities to the fullest. Today I'm a completely different personality altogether, I'm trying to balance different virtues of life. I'm leading a team of 200 people with me. I'm dealing with top corporate people. I'm dealing with famous celebrities. I'm having meetings with top politicians. I'm organising seminars and events with a footfall of approximately 5000 people. I'm shaping myself and the team I work with and the roots of these leaderships skills are grounded in David. It was David only where I got the opportunity to stand and speak in front of a mass for the first time. I might not have achieved some thing very big, but my school, my teachers, and the entire David fraternity helped me achieve what is the biggest thing for me. I would like to thank Ramvir Sir, Ravinder Sir, Seema Ma'am, Praveen Sir, Namita Ma'am and all the teachers who helped me become a better person and this is not the end of the story. I hope I will have the opportunity to share my bigger achievements with my David family with their blessings in future.

Regards.

## ALUMNI MESSAGE

### **Anuj Nagar**

(B.Tech)

Graduated from Delhi Technological University. (DTU)

Dear Readers,

I cherish my days in David School.

It was a journey which has enhanced my personality and groomed me at many phases. It is here I felt love, care and guidance from my teachers. I wish to be here again but then not as a student, as a guest. I am going to work hard to turn up this in reality and make my teachers proud.

Regards.

### **Priyanka Dedha**

Pursuing BSc. from Daulat Ram College,  
Delhi University.

Everybody who got anything out of school has a favourite teacher. A person who drew out hidden qualities that you, in your ignorant youth, didn't even know were qualities. More often than not, those favourite teachers stood apart from their peers in big ways that may have, at the time, seemed small—they thought creatively rather than just being slaves to that dictatorial beast of education we call pedagogy. And often, they were just a little...odd. They took a chance on us because they believed we could make it in the world, and that belief can make all the difference and my whole journey as a Davidian was really superb and for all that I just would like to thank to each & every person who was a part of David.

Thanks David

Regards.

## BOOKS

What world of wonders are our books  
As one opens them and looks,  
New ideas and people rise  
In our fancies and our eyes  
The room we sit in, melts away,  
And we find ourselves at play  
With someone who, before the end,  
May become our chosen friend.  
Or we sail along the page  
To some other land or age.  
Here's our body in the chair  
But our mind is over there.  
Each book is a magic box  
Which with a touch, a child unlocks  
In between their outside covers  
Books hold all things for their lovers

## MY LOVING GRANDMOTHER

My grandmother is quite an old lady. She has already crossed seventy. She has white hair and her humble and affectionate face is full of wrinkles. She is a religious lady. But her devotion to religion and God does not disturb rest of the family. She wakes up early in the morning and takes her bath with fresh water, immediately after bath, she goes to temple. We eagerly wait for her to come back for she brings fruits and sweets for us. She supervises all important jobs in the family. Some she does herself. She is very affectionate and caring. She is the most respected lady in our colony. Ladies, young and old, come to her for advice. She has a surprising quality to change with the times. Nobody forces her, but she herself has changed many of her superstitious habits. We all are thankful to God for such a loving grandmother.

My life more and more.....

Love those days love those moments

The first day of school & all improvements

They taught me lessons, they motivated my passions but

Overall they increased my passions.....

I remember the humor of my classmates

But we will be separated but our friendship will never be lost.....

Memories of my past will remain deep in my heart,

I will miss those teachers, who have admired and blessed me to fly higher.....

May long live those teachers and I wish to be in their heart

Memories of my past will remain deep in my heart.

## **LUCK OR HARD WORK?**

**He worked by day and toiled by night  
He gave up play and some delight  
Dry books he read  
New things to learn  
And forged ahead  
Success to earn  
He plodded on with faith and pluck  
& When he won,  
Men called its luck**

From the above I am able to recollect Mark Spilt who created a new world record in swimming by winning seven gold medals at Munich. I am sure some people thought it must be his lucky day. He won 3 gold's at Mexico. He was happy but unhappy. From 1968 to 1972, from Mexico to Munich, he trained 10,000 hours and if you're good at Maths, it translates 2,500 hours per year and if you are good at calculus that translates into close to eight hours per day, no Sunday. You go sit in the water eight hours per day for the next four years, your body will shiver. Did he get lucky? Luck is not designed to deliver us these things in life. Athletes train fifteen years for a fifteen second performance. Let's go and ask them if they got lucky. There is no substitute for hard work. Most people want to win on life but very few are willing to pay the price to prepare to win. If you and I are willing to train 10,000 hours, like Spilt, probably, we could be at the Olympics too. The question is, are we willing to do it. That's why I think Lucille Ball has rightly said that "Luck? I don't know anything about luck. I've never banked on it, and I'm afraid of people who do. Luck to me is something else; hard work and realizing what is opportunity and what isn't".

## MENACE OF DRUG ABUSE AMONGST YOUTH

Drug abuse has become a serious worldwide problem today. Drug is a habit forming substance. It is initially taken for pleasure or excitement and later the craving for more pleasure induces the person to consume more till he/she becomes a victim of drug abuse. Have you heard about a boy or a girl stealing money or ornaments from house to buy drugs? Why does he/she do so?

Initially, it may be taken for fun or adventure till it becomes a habit. Sometimes people resort to drugs to bury sorrow, insult, depression or to escape from reality. When it is taken for the first time, it stimulates a pleasure sensation which leaves the person craving for more till he or she becomes an addict.

Drugs are consumed in different ways through injection by smoking, chewing or swallowing. They are often sold by peddlers in deserted places, hotels, parks and on street corners by hawkers.

Drugs ruin an addict normally and physically. Drugs can affect kidney and brain including the nervous system. They cause a loss of appetite bring drowsiness all the time and sap one's strength and stamina.

Government, voluntary organization, media, physicians and parent must all join hand on taking necessary steps to prevent the evil from spreading. Strict action must be taken against drug peddlers.

## CONTENTMENT

What do you mean by contentment? Do you know? Contentment means satisfaction. In this 21st century, we cannot see any person contented today. Have you seen any? Today, no one is satisfied. Everyone wants more. It also doesn't mean satisfaction only. To be content doesn't mean you don't desire more but it means that you are thankful for what you have and be patient for what's to come. There is a live example among you all. Look at the Indian birds in the sky. They do not migrate from one place to the other or to the other country. But on the other hand see the Indian people. They make visa, passports etc to go to other countries. Are they not getting sufficient things in India? Why are they not contented? Or do they not love their own country? Lao Tzu has said, "He who is contented is rich." Have you seen any bird not happy? Every bird is happy. So why can't we? We should learn something from birds. They are much better than us. John Balgey has said, "Contentment is a pearl of great price, and whoever procures it at the expense of 10,000 desires makes a wise and happy purchase". "There is no end of craving, hence contentment alone is the best way to happiness". Therefore, acquire contentment."-Lao Tzu.

Hence, we all should be contented. Are you contented? Ask yourself. We should not desire for more but be thankful, be contented.

# THE COMPOSITE CULTURE OF INDIA

**INTRODUCTION:-** Indian culture is a composite culture. It develops a mixed culture which derives from the Indus valley Civilization. Indian culture is called 'Composite Culture', because it comes through Hinduism on the one hand and Muslim and other cultures on the other hand. Time to Time it has accepted many ideas and influences from the various civilizations of the world and adopted its own cultures. Now India is a secular country with different religions, faiths, ideas, belief systems etc.

**Meaning of Culture-** The sense of ultimate values which a certain society has and shapes its life is called culture. It is an ideal aspect of culture.

Indian national culture consists of two elements. The common temperament and outlook which constitutes the Indian mind and the intellectual influences of various movements and cultures have been incorporated harmoniously with the national mind.

**The source of Indian culture:-** National temper and mind is the source of national culture. Amongst other sources are the new religious or philosophical movements which take their birth in the country from time to time or the cultures of people who have come from outside and settled in this country. The complex formed from these elements is called National Culture.

Ideas, Theories and beliefs are not bound to any particular locality. They leap across racial, national and geographical boundaries, and establish themselves as a part of world culture. Composite Indian culture is also a beautiful example of world culture developed in this way.

## THE POPULATION PROBLEM

Population is one of the natural resources. The population of India is growing at a very rapid speed. India's birth rate in 1991 was 29.5 per thousand. It is alarming. According to the growth of population, India is second in the world. China stands first. The increasing population is causing a great problem for India. Indian government is trying its level best to control the rapid growth of population. The government has started family planning centers all over the country. The media is also being used to control the growing population. T.V. and radios are doing a wonderful service. This problem is a subject of great concern to us. More population will consume more natural resources. There will be a rapid decrease in forest land. The increasing population will demand more multi purpose projects for which we need more capital. So we must check this alarming rate of population growth for our future welfare.

## MODERN EDUCATION AND DEGRADING MORAL VALUES

**Satyam, Shivam, Sundaram.** These words are not mere words, they describe what values mean to us, the Indians, in brief. In the concept of traditional Indian philosophy truth, goodness and beauty are considered as eternal values. In the words of a philosopher “values are the outcome of human choices among competing human interest”. Education is not different from values. All good education is, in essence a process of developing the human personality in all its dimensions-intellectual, physical, moral, social, spiritual etc. Indian tradition has full faith in education which can lead a person to salvation as reflected in the phrase “Sa Vidya Ya Vimuktya”. This can only be achieved through moral values.

But, modern education is almost devoid of moral values and ethics. The current education system is all about getting good marks a good job, a handsome salary and fulfilling all your desires with it. The desire of materialistic gains has preoccupied the students. They feel, it's good to be bad, it is cool to study one night before exams, it is royal to smoke and drink and it is remarkable to go against their parents. They do not have compassion for anyone. Current education system has not focussed on effective dimensions of personality, this system has done nothing instead of producing degrees and diplomas. It is high time to take some action, education commission too emphasized the need of moral values and ethics by saying that the first and the most important goal of the education is to , develop fundamental social, moral and spiritual values. Remedies are there though not easy but can be effective in long run. Every subject has to be understood as well as taught as a set of values, attitudes and dispositions. We can also make it compulsory to give two years service to the nation. And of course love, affection for the youth will help, stop them from being dragged into darkness.

## POWER OF OPTIMISM

Optimism is essentially the root of all success. It is out of acceptance of what is and what best can be made out of it. But the most fruitful approach is that of optimism, time is not wasted in futile work and best is made out of what is in front. The power of positive thinking is tremendous and can affect the life in incredible ways.

Failures in academic and work experience teach us how to approach certain types of work more effectively. Failure in parenting teaches us how to better encourage, guide children whenever you are depressed or frightened, control the impulse to act in hurry. Give them a fair chance to sort themselves out, and give other people time to sort out their attitudes. Think carefully, weigh it up before attempting to act.

Always look at the brighter side, you will have to make a habit of being practical, sensible and grounded about yourself and your troubles. Don't be a fragile personality who gets hurt easily. Negative thinking has the power to produce the negation.

Positive thinking has the power to produce productivity and creativity, shun negative thinking, Nurture positive thinking. Feed your mind with thoughts that everything in life is working for you, not against. Troubles show way. There are some other angles to see things than the only one you are used to. Two persons look out of a window, one sees stars, the other mud. Success does not mean plucking stars from the sky, Success is reaching these immediate and small goals that come on the way. They lead to a big success.

## CYBER SECURITY INITIATIVE BY GOVERNMENT OF INDIA

The number of cyber security incidents has gradually increased in India over the last few years. Ministers of State Electronics and IT stated that as per the information collected by India's Computer Emergency Response Team (CERT-in) 44, 679, 49, 455 and 50, 362 cyber security incidents took place in India during the years 2014, 2015 and 2016 respectively. These incident includes phishing, website intrusion and defacement, virus and denial of service attacks amongst other. As per the 2016 cost of Data Breach Study, India's average total cost of a data breach paid by Indian increased by 9.5 percent. Although government has taken certain cyber security initiative, more expensive and aggressive measures are required to meet the rising challenges.

The Government of India took the first formalized step towards cyber security in 2013, vide the Ministry of Communication and Information Technology, Department of Electronics and Information Technology's National Cyber security policy 2013.

The policy is aimed at building a secure and resident cyberspace for citizen, business and the Government. Experts have suggested that setting up of a NCSA (National Cyber Security Agency) to address cyber security issues and improve implantation at a national level. Such an agency is suggested to be equipped with staff that is technically proficient in both defensive and offensive cyber operations. It is believed that Government's initiative can keep pace with the rapid changing nature of cyber attacks.

# MOLESTATION

Rape is a very bitter and a shameful truth. In today's world, India is considered to be at the top in all shameful, bad, illegal works, Eg -corruption, discrimination, harassment and most important molestation. Its quiet a strange topic but a serious topic to be discussed upon. Molestation destroys the life of woman, makes her completely heartbroken, and lonely. She considers herself to be dead and kills her every feelings. The society too prevents them to talk and is bounded in a limited boundaries. Her every desire turns into ashes. In today's world, it has become a trend. In India everyday in every corner of the country at least a girl is being molested or raped and the reason for this evil practice is no other but our society, our own people, our citizen of India, For eg-If a woman is being molested at the corner of the road, people pass by watch that woman shout scream, cry, loudly, but hardly anyone cares at that moment everyone becomes deaf and quietly watches her. No one comes forward to help her, and if in case anyone takes a step forward then he is pulled back by other spectators. This clearly states that people are hardly bothered about others. It's the fault from the very ancient time that every time all the mishappenings have happened only with women. People are so shameless that if they see such an incident they go near to the victim and instead of helping her they search for their cell phones, rings and other expensive things. They are least bothered to help her, rather make videos of them. This is today's generation who are always in a race to fetch some videos, stories and to prove themselves superior by having a tag of "most updated person". But this behavior is very shameful and some day in the future this behavior will destroy each and everyone's humanity.

So stop being Selfish and Save the girl child.

# POWER OF IMAGINATION

Imagination is the most powerful weapon of the world in aspect of success. This is so, because imagination can never stop at any stage of life, in any field; be it in arts, music, science and technology, business or whatsoever. Successful is the person who uses his imagination to change the world for a better tomorrow. It all depends on thinking power. A person can reach only up to that level of success of which he thinks he is capable of reaching. We cannot really predict what is our level of achievement, our strength and up to what extent we can become successful; the more flexible we become towards our difficulties, the more challenging we become for any task. Only imagination is not enough, but the efforts made too. One should work hard according to his strength, and before this, he should identify at what level he is standing, then he should do efforts to reach the level of success. Failure is never a failure, people fail because they don't imagine and if they imagine, they don't work hard which is sufficient enough to complete their task. The word imagination is not just a work; it has a very powerful meaning in itself. We should never see who we are, but we should see what we can become. Only this thing makes a difference between successful and unsuccessful people. **Dr A.P.J Abdul Kalam**, an inspiration to all, an example who taught us the infinite power of imagination, is all, from which we learn that we should never stop imagining.

The day I stepped into the school  
I felt it really 'cool'  
The day I saw your cheerful 'face'  
My heart was filled with blissful 'grace'  
You were the epitome of 'Beauty'  
Encouraging everyone to do their 'Duty'  
Your heart, a bouquet of essence  
Making us always feel your presence  
Your presence meant us a lot  
Without you our life is filled with drought  
You were the one who always told me to smile  
And I never stopped a while  
Your goodness lingers in my heart  
That I can't keep myself apart  
Alas! you left us all alone  
Making us feel like backless bone  
But, Why did you go away so far  
Where we can't hold (reach) you at par  
We wish you could come back  
And make our lives rock  
And make our lives rock.....

## कहानी-चतुर चूहा

एक समय की बात है, बिल्लियों ने चूहों को अपने साथ खाने का निमंत्रण दिया। चूहों ने एक सभा बुलाई। बूढ़े चूहे ने कहा भई मुझे तो कुछ गड़बड़ लगती है। बिल्लियाँ हमारी दुश्मन हैं। भला, हमें अपने साथ खाने पर क्यों बुलाएँगी। बूढ़े चूहे ने सभी चूहों को सलाह दी कि जब खाना खाने जाएँ तो उस जगह के आसपास अपने लिए एक बिल बना लें।

अगले दिन बिल्लियाँ और चूहे बगीचे में इकट्ठे हुए। भोजन के पहले नाच-गाना शुरू हुआ। दोनों ओर से ढोल और नगाड़े बजले लगे। चूहे अपने-अपने बिल के पास ही नाच रहे थे। कुछ देर बाद बिल्लियों ने यह धुन निकाली-

नाचो गाओ, झपटो खाओ।  
नाचो गाओ, झपटो खाओ।

चूहों ने धुन को समझा। फिर उन्होंने तुरन्त यह धुन निकाली-

नाचो-गाओ, बिल में जाओ।  
नाचो-गाओ, बिल में जाओ।

इसे सुनकर बिल्लियाँ चूहों पर जैसे ही झपटीं, वैसे ही चूहे झट से अपने बिलों में घुस गए। बेचारी बिल्लियाँ एक-दूसरे का मुँह ताकती रह गईं।

तो देखा आपने बूढ़े चूहे की चतुराई, उसने सबकी जान बचाई!

## संतुष्टि-सपनों का घर

एक किसान शहर से दूर अपने एक घर में रहता था। उसके घर में किसी प्रकार की कोई कमी नहीं थी, लेकिन फिर भी वह किसान खुश नहीं था। एक दिन उसने अपने गाँव के घर को बेचकर शहर में एक आलीशान बंगला लेने का निश्चय किया। एक दिन उसने अपने एक दोस्त को शहर से बुलाया। उसने उससे कहा कि मेरा ये घर बेचकर मुझे शहर में एक अच्छा-सा मकान दिलवा दो। उसके दोस्त ने उससे पूछा, भाई तुम ये अपने पूर्वजों का इतना सुन्दर घर क्यों बेचना चाहते हो? कोई समस्या है तो मुझे बताओ। किसान ने अपने दोस्त की बात सुनकर उससे कहा—ये घर गाँव से कई किलोमीटर दूर है, सारे रास्ते उबड़-खाबड़ हैं। इस नदी को पार करके ही शहर जाना पड़ता है। ये पहाड़ देखो, सर्दियों में इनपर बर्फ गिर जाती है, जिससे बड़ी दिक्कत होती है। अब बताओ मैं कैसे रह पाऊँगा इस घर में।

उसके दोस्त ने कहा ठीक है, जल्दी ही तुम्हारा घर बिकवा दूँगा। ऐसा कहकर वह दोस्त चला गया। अगले दिन वह किसान सुबह अखबार पढ़ रहा था, तब उसने अखबार में एक घर का विज्ञापन देखा, विज्ञापन को पढ़ने के बाद किसान को वह घर बहुत पसंद आया। (उस विज्ञापन में एक नम्बर दिया हुआ था) किसान ने जब उस नंबर पर फोन किया तब वह यह जानकर हैरान रह गया, यह तो उसी के घर का विज्ञापन है। अब वह समझ गया कि वह तो पहले से ही अपने पसंद के घर में रह रहा है। अब वह खुश था, उसने अपने दोस्त को फोन करके घर बेचने से मना कर दिया।

## प्यारी दादी माँ

दादी माँ का क्या कहना है!  
सोने-चाँदी का गहना है!  
दया, धर्म की सूरत दादी,  
ममता की है, मूरत दादी ।  
अनुभव की गठरी डैड,  
जीवन की पटरी है दादी ।  
माना इसकी उम्र पकी है,  
लेकिन दादी नहीं थकी है ।  
धीरे-धीरे चलती दादी,  
आशीषों में फलती दादी ।  
पूरे घर का हाथ बंटाती,  
जी-भर सब पर स्नेह लुटाती ।  
दादी से घर, है घर दादी,  
सबसे बड़ी धरोहर दादी ।  
प्यार-भरी पिचकारी दादी,  
लगती माँ से प्यारी दादी ।

## बस एक कदम और

बस एक कदम और इस बार किनारा होगा,  
बस एक नजर और इस बार इशारा होगा ।  
अम्बर के नीचे, उस बदली के पीछे, कोई तो किरण  
होगी,  
इस अंधकार से लड़ने की, कोई तो जगह होगी ।  
बस एक पहर और इस बार उजाला होगा,  
बस एक कदम और इस बार किनारा होगा ।  
जो लक्ष्य को भेदे वो कहीं तो तीर होगा,  
इस तपती भूमि में कहीं तो नीर होगा ।  
बस एक प्रयास और अब लक्ष्य हमारा होगा,  
बस एक कदम और इस बार किनारा होगा ।  
जो मंजिल तक पहुँचे वो कोई तो राह होगी,  
अपने मन को टटोलो, कोई तो चाह होगी ।  
जो मंजिल तक पहुँचे वो कदम हमारा होगा,  
बस एक कदम और इस बार किनारा होगा,  
बस एक नजर और इस बार इशारा होगा ।

## प्रकृति

ध्यान लगाकर जो तुम देखो,  
इस जग की सुघड़ाई को,  
बात-बात में पाओगे तुम,  
ईश्वर की चतुराई को।

ये सब भाँति-भाँति के पक्षी,  
ये सब रंग बिरंगे फूल  
यह वन की लहराती लताएँ  
वह नव कलि शोभा की मूल।

ये नदियाँ, ये झील सरोवर,  
ये कमलों पर भौरों की गूँज,  
बड़े सुरीले बोलों से यह गूँज रही बेलों की कुंज।

ये पर्वत की रम्य शिलाएँ,  
शोभा रहित उतार-चढ़ाव,  
निर्मल जल के झरने झरते,  
सीमा-रहित महाविस्तार।

सूर्य-चंद्र की शोभा अद्भुत,  
बारी से आना दिन-रात,  
ज्यों अनंत तारा-मंडल से,  
सज जाना रजनी का गात।

# हमारा सलाम, कलाम के नाम

आइए, एक महान आत्मा को सलाम करें।  
एक ऐसी आत्मा, जिन्होंने अपना जीवन  
बलिदान कर दिया हमारे लिए।

आइए, एक आत्मा को श्रद्धांजलि दें,  
जिसने अपने देश के लिए सपना देखा।  
आइए श्रद्धांजलि दे एक ऐसी आत्मा को,  
जिसने असंभव को संभव कर दिया हमारे लिए।  
आइए हम अपने भूतपूर्व राष्ट्रपति को नमन करें,  
जिन्होंने हर विद्यार्थी को प्रोत्साहित किया।  
जिनकी किताबों और भाषणों ने हमें प्रेरणा दी।

आइए एक ऐसे व्यक्ति को सम्मान दें,  
जो किसी भी धर्म के बीच अंतर नहीं करते।  
एक ऐसे व्यक्ति को सलाम करें,  
जो सबके दिलों पर राज करते हैं।

डॉ० अब्दुल कलाम, आपको हमेशा याद रखेंगे,  
हम आपसे वादा करते हैं कि हम आपके सपनों  
को साकार करेंगे।

## राम मंदिर व बाबरी मस्जिद विवाद

राम मंदिर और बाबरी मस्जिद का विवाद विश्व भर में विख्यात है। इस मुद्दे ने हिंदू-मुसलमान के बीच गहरी खाई खोदने का कार्य किया है। ये विवाद नया नहीं है। सन् 1853 में ही इसने जन्म ले लिया था। तब से आज तक इसका कोई समाधान नहीं हो पाया है। मुसलमानों के पक्षधर कहते हैं कि वहाँ बाबरी मस्जिद थी और वहाँ राम मंदिर नहीं बन सकता, तो दूसरी ओर हिंदू पक्षधरों का मानना है कि वहाँ राम मंदिर तोड़कर बाबरी मस्जिद बनाई गई थी। इस विवाद को तूल तब मिला जब राजनीति की रोटियाँ सेंकने वालों ने 6 दिसंबर 1992 को अयोध्या पहुँचकर बाबरी मस्जिद का ढाँचा गिरा दिया, जिसके बाद पूरे देश में सांप्रदायिक दंगे हुए। आप स्वयं ही देखिए, इतना खून-खराबा हुआ सिर्फ धर्म के नाम पर। वह धर्म जो कभी किसी को नहीं कहता कि तुम मेरे लिए इंसानियत के सबसे बड़े धर्म को भुला दो। क्या हिंदू-मुसलमान के रिश्ते इतने कमजोर हैं कि एक छोटे से जमीन के टुकड़े ने हिंदू-मुसलमान के बीच दीवार खड़ी कर दी है। आप सोचिए कि भारत माता को कैसा लगता होगा जब वह देखती होगी कि उनके दो बेटे आपस में एक जमीन के लिए झगड़ रहे हैं। क्या ऐसा नहीं हो सकता कि हिंदू मुसलमान मंदिर और मस्जिद एक साथ बनाकर वहाँ एकजुट होकर देश की सलामती की प्रार्थना करें और विश्व के सामने भारत की धर्म-सहिष्णुता की मिसाल पेश करें। आखिर हमें भी तो किताबों और विद्यालय में यही सिखाया जाता है—

**सब की पूजा एक-सी, अलग-अलग है रीत।  
मस्जिद जाए मौलवी, कोयल गाए गीत।।**

भले ही हम धर्म के नाम पर बँटे हों, परन्तु ईश्वर तो एक है और हम सब उसी परमपिता परमात्मा की संतान हैं। इसलिए बेहतर यही होगा कि हम चंद स्वार्थ साधकों की बातों में न आएँ और आपस में प्रेम के साथ रहें।

मंदिर बनाइये या मस्जिद बनाइये, मकसद तो इबादत है, ये जान जाइए।

ईश्वर बुलाइये या अल्लाह बुलाइये, मतलब तो एक ही है, ये जान जाइए।

अपने दिमाग से भी कुछ काम लीजिए, किसी के बहकावे में आकर न दंगे भड़काइये।

इंसान हैं आप तो इंसान ही रहिए, मजहबी जुनून में न शैतान बन जाइए।

## नियति या कुसूर

जीवन नहीं है मिलता मुझको,  
फिर भी सबको जीवन देती हूँ मैं,  
मारा जाता है फिर क्यों मुझको,  
सिर्फ इसीलिए की एक बेटी हूँ मैं।

जन्म यदि मिल भी जाता मुझको,  
तो कटुबोलों को सहती हूँ मैं,  
क्या इतना ही कसूर है मेरा,  
कि बेटा नहीं एक बेटी हूँ मैं।

त्याग गया है बचपन से मुझे,  
पर इस नफरत को भूलकर चलती हूँ मैं,  
क्यों सिर्फ त्याग मिलता है मुझको,  
केवल इसलिए कि एक बेटी हूँ मैं।

अत्याचार सहना नियति है मेरी,  
उनसे बचने के लिए कहीं शरण न पा सकती हूँ मैं,  
क्यों यही नियति है मेरी,  
सिर्फ इसलिए कि एक बेटी हूँ मैं।

पत्नी बनती हूँ जब किसी की,  
तो दहेज के कारण मरती हूँ मैं,  
फिर भी गुलामी मैं करती हूँ,  
केवल इसलिए कि एक बेटी हूँ मैं।

अपने बड़ों के अपमानों के कारण,  
छोटों का भी तिरस्कार सहती हूँ मैं,  
मैं ही क्यों शिकार हूँ इनका,  
सिर्फ इसलिए कि एक बेटी हूँ मैं।

पर बस अब अति हो गई.....

गिर-गिरकर थक चुकी हूँ अब मैं,  
अब अपने हक के लिए लड़ जाऊँगी,  
तिरस्कार किया है जिन्होंने मेरा,  
उनको अपने अस्तित्व का महत्व समझाऊँगी।  
बेटियों को मिटाओगे अगर,

तो बेटे कहाँ से पाओगे,  
जननी का अस्तित्व और प्रेम तुम  
किस संसार से लाओगे।

भूल गए तुम दुर्गा को,  
अब मैं चंडिका बन वापिस आऊँगी,  
सभी दुष्टों के शीशों से मैं,  
अपनी मुंडमाल बनाऊँगी।

अस्तित्व तुमको समझाऊँगी,  
और अस्तित्व अपना मैं पाऊँगी,  
एक समय अवश्य आएगा ऐसा,  
जब मैं प्रेम से बेटी कही जाऊँगी।

## कोशिश कर हल निकलेगा

कोशिश कर, हल निकलेगा,  
आज नहीं, तो कल निकलेगा।

अर्जुन के लक्ष्य—सा सध,  
मरुस्थल से भी जल निकलेगा।

मेहनत कर, पौधों को पानी दे,  
बंजर जमीन से भी फल निकलेगा।

ताकत जुटा, हिम्मत को आग दे,  
फौलादों से भी बल निकलेगा।

जिंदा रख, दिल में उम्मीदों को,  
गरम समंदर से भी गंगाजल निकलेगा।

कोशिशें जारी रख, कुछ कर गुजरने की,  
जो कल था थमा—थमा, आज चल निकलेगा।

## माँ

मंजिल दूर और सफर बहुत है,  
छोटी सी जिन्दगी की फिरक बहुत है।  
मार डालती ये दुनिया कब की हमें,  
लेकिन माँ की दुआओं में असर बहुत है।

हर रिश्ते में मिलावट देखी,  
कच्चे रंगों की सजावट देखी,  
लेकिन सालों—साल देखा है माँ को,  
उसके चेहरे पे न कभी थकावट देखी।  
न ममता में कभी मिलावट देखी।

## कविता-गुरु

गुरु वही हैं जो जीना सिखा दे,  
आपकी आपसे पहचान करा दे।  
तराश दे हीरे की तरह तुमको,  
दुनिया के रास्तों पे चलना सिखा दे।  
कर दे कायाकल्प वो तुम्हारी,  
सच और झूठ से साकार करा दे।  
हमेशा दिखाए सच्चा मार्ग वह तुम्हें,  
तुम्हें एक अच्छा इंसान बना दे।  
मुश्किलों से लड़कर आगे बढ़ जाओ तुम,  
तुम्हें वह इतना समझदार बना दे।  
बताये वह तुम्हें जीत जाना ही सब कुछ नहीं,  
हारकर जीत जाने का हुनर सिखा दे।

## फ्री वाली बात

एक दिन की बात है, हम बाजार से चले  
आ रहे थे।  
पच्चास ग्राम मूँगफली, उन्हें ही चबाए जा रहे थे।

चलते-चलते एक कड़वी मूँगफली खा गए,  
उसे थूकने के चक्कर में एक लड़की से टकरा  
गए।

गुस्सा होकर लड़की बोली मियाँ बड़े ही हो  
बदतमीज,  
टाँगे तो सही सलामत पर चलने की नहीं तुम्हें  
तमीज,  
मैंने कहा मैडम गुस्से में ना आइए,  
गरम-गरम मूँगफली लीजिए आप भी खाइए।

बोली जानता नहीं तू, इस इलाके का इंसपेक्टर  
मेरा भाई है,  
मैंने कहा मैडम बड़ी मँहगाई है।  
पाँच रूपये में केवल 50 ग्राम ही आई है।  
बोलने लगी मेरे डैडी की डी० सी० पी० से यारी  
है,  
मैंने कहा मैडम खाकर तो देखिए मूँगफली बड़ी  
करारी है।

कहने लगी लगता है, अब पुलिस को बुलाना ही  
पड़ेगा,  
मैंने कहा अब तो मूँगफली आपको खाना ही  
पड़ेगा।  
कहने लगी, काट दूँगी जुबान, कर दूँगी गूँगा,  
मैंने कहा मैडम खा भी लीजिए आपसे पैसे थोड़ी  
न लूँगा।

सुनकर मेरी बात वह थोड़ा मुस्कराई,  
छीनकर मूँगफली जल्दी-जल्दी खाई,  
मैंने पूछा मैडम आपने पहले क्यों नहीं खाई,  
वो हँसकर बोली अरे पगले  
फ्री वाली बात तूने पहले क्यों नहीं बताई।

## न वापिस आने वाला कटू सत्य

अन्जान गली की अनकही, अनसुनी, न वापिस आने वाली पहली है वो दिलों को जो छू जाए कभी ना भूलने वाली सहेली है वो आँखों से खेल जाती थी, दिल को जो छू जाती थी, जब भी जाओ उसके पास तो रोटों को हँसाती थी, सब की चुपचाप सुनकर कुछ भी नहीं कह पाती थी बस जो भी करना होता था चुपचाप ही वो कर जाती थी न पता वो चलने देती थी, ना ऐहसास कभी कराती थी, सामने वाले के दुःख को लेकर, खुशियाँ से वो भर जाती थी। ना जाने इतनी ऐनर्जी वो कौन से ड्रिंक से लाती थी?

न कोई उसके जैसा देखा है इस दुनिया में जो हँसते-हँसते चला गया, इस दुनिया के मेले से अपने जाने से पहले भी सबको खुशियाँ वो बांट गई, वो चली गई? वो चली गई? एक प्रश्न चिह्न बस लगा गई।

एक उसका होना सबसे अच्छा लगता था, उसके होने का आत्मविश्वास सबको स्फूर्ति से भरता था, जिस ओहदे पर वो बैठी थी वो सच्ची उसकी हकदार थी, हर कर्मचारी के दुःख, सुख को वो समझती सबकी यार थी, उसके न होने का एक अहसास सब कुछ खत्म कर देता है चाहे हम लाख कहे उसके जैसा न कोई हो सकता है।

यादों से भीगा है गगन भी आज  
खुशबू से ठहरा है चमन भी आज  
कलियों को रूलाया  
फूल-फूल मुरझाया  
क्यूँ चले गए  
आप क्यूँ चले गए.....

अथक परिश्रम, जीवतं लगन से पथ प्रशस्त

## (X A) PAINTING

### PAINTING-A LUMINOUS LANGUAGE

*Painting is not about what you see, it is about what you don't see.*

Art, neither a subject nor a certain hobby, but the communicator of the soul and the outside world, which gives tremendous satisfaction to artists and immense pleasure to admirers. Music, painting and dancing-all are an immortal art. Painting is an art, i.e. the silence of thought and the music of sight. Painting is not just playing with colours, it is like putting the colours of your life on a canvas. It is a tool that can gain victory over a puzzled mind. It is not about picturing a view, scenery or portrait but expressing your suppressed feelings and thoughts. It clarifies what cannot be spoken by words. The preconception that some are born artist, is absolutely false. Everyone is an artist, a painter in life. Everyone draws lines with hope, erases errors with tolerance, dips the brush with lots of patience and finally colours it with love. Isn't it a painting? Now, take your brushes and colours, paint on the canvas of life and become an artist.

## (X A) SLOGAN WRITING

### SLOGAN WRITING

First of all, what is slogan? A slogan is an effectively written phrase using some useful words having a memorable motto. It is generally used in the political, religious, commercial and other perspectives to represent the repetitive expression of an idea or purpose.

Talking about my experience, it was an experience to remember for life. Actually, it was great. I participated two years continuously in 2016-17 & 2017-18 sessions. And, luckily I got third position both the times. Actually, all this happened because of the hardwork of my teachers, Ms. Nikita Mam and Ms. Rozy Mam. It was not possible without their guidance. Both of them told me how to make a slogan look good and attractive and made my work better than before.

## (VIII A) PAINTING

### PAINTING-A RICH IMAGINATION

Painting is an art which can be developed by practicing or for someone it is God gifted. Painting is a way through which we express our feelings. We also feel very relaxed and tireless by making paintings. We can also find good vibes floating around us when we look at an adorable or a mind refreshing painting. Painting is an art which can be created by using rich imagination. The more of imagination, more of creativity in painting. Painting cannot be defined in words. It can only be created by our mind and it lets us move to another world of imagination.

## (X A) MY EXPERIENCE

### MY EXPERIENCE

*“The aim of art is to represent not the outward appearance of things but their inward significance”.*

**-Aristotle**

This is what I have experienced, here at David, about art, whether it be painting or sketching or colouring or creative activities. Every time I have learnt something new and some new ideas, innovations and creativity bubbled in my mind. With a perfect guidance, under my art and craft teachers, I have learnt that art is not about the way you put on colours or draw on the sheet, it's all about, how you express your theme, ideas and creativity. The teachers have given me real essence of painting by teaching me some special painting skills. Although, I have not participated in any zonal competition but, at least, I have come to know the significance of painting, for which I am indebted to my teachers and school. Now, I don't take painting as a hobby but I treat it as a medicine which can be used to soothe my mind and soul.

## LIFE OF A FARMER IN INDIA

A farmer is one of the most important being since the beginning of civilization. We get our food because farmers grow crops and carry the agricultural activity.

The life of a farmer is very tough. He works very hard day and night in all seasons. They are dependent upon the forces of nature. The Government has introduced several schemes for the benefit of the farmers. Most of the farmers of our country are illiterate. They can't read or write. A farmer earns money by selling his crops. He remains happy if the crops are good. But if the crops fail, then his life becomes miserable. A farmer grows food, grains, vegetables, fruits and pulses. Therefore, a farmer plays a major role for the benefit of the society.

## INDIAN ARMY

3rd December 1971 will always be remembered in Indian history. On this day Pakistan declared attack on our important aerodromes. It is a matter of satisfaction and joy that Indian anti-aircraft guns gunned down some of enemy's planes and some were made to run away. Today Indian army is devoted to save the motherland even at the cost of their lives. Every Indian is eager to make the greatest sacrifice and is determined to safeguard unity, integrity and sovereignty of the country. Our army, navy and air forces are performing their duties very well and their patriotism is commendable. We are proud of them. We finally believe that our country is safe in their hands. Truth is always victorious and our struggle is based on truth.

What equals 100%? What does it mean to give more than 100%? Ever wondered about those people who say they are giving more than 100%? We have all been in situations where someone wants you to GIVE 100%.

**How about Achieving 101%?  
What equals 100 % in life?**

Here's a little mathematical formula that might help answer these questions.

if

A B C D E F G H I J K L M N O P Q R S T  
U V W X Y Z Is represented as:  
1 2 3 4 5 6 7 8 9 10 11 12 13 14 15  
16 17 18 19 20 21 22 23 24 25 26

Then

H-A-R-D-W-O-R-K

$$8+1+18+4+23+15+18+11=98\%$$

&

K-N-O-W-L-E-D-G-E

$$11+14+15+23+12+5+4+7+5=96\%$$

But A-T-T-I-T-U-D-E

$$1+20+20+9+20+21+4+5=100\%$$

Then, look how far the love of God will take you L-O-V-E-O-F-G-O-D

$$12+15+22+5+15+6+7+15+4=101\%$$

Therefore, one can conclude with mathematical certainty that while hard work and knowledge will get you close, and Attitude will get you there, its love of God that will take you higher!

Tourism plays a vital role in the economic development of our country. Tourism is the second largest foreign exchange earner in India.

The tourism industry employs a large number of people both skilled and unskilled.

It promotes national and international brotherhood.

India has fascinated people all over the world with secularism and her culture. There are historical monuments, beaches, place of religious interests, hills and resorts that attract tourists. Every region is identified with its handicrafts, fairs and folk dances, music and its people. The department of tourism promotes international and domestic tourism in the country.

## **EMPOWERING THE GIRL CHILD IS THE BEST WAY TO EMPOWER THE NATION**

Since ancient times, India has been a male dominated society. Girls have been considered inferior. They are not provided good education, good food and good environment in the villages situated in remote areas and interiors of many states such as M.P, Bihar, and Uttar Pradesh. There are no high schools or colleges. They remain the weaker section of society. Many evil practices such as female foeticide, female infanticide, son idolization, early marriage and dowry are still rampant in Indian society. Isn't it surprising?

The girls are in no way inferior to the boys. They are touching the heights of success. They are fighting and struggling to prove their existence.

Dear friends, the women are the basis of the society. By educating a girl child, we educate two families. By educating the girl child, we can educate the whole society and whole nation. They can lay the strong foundation of a learned society if they are empowered. A little amount of care, a handful of warmth and heart full of love for a girl child can make a big difference.

In the end, I request all of you to stand up for this Nobel cause and empower the girl child so that our nation can be empowered.

## **I WOULD LIKE TO BE A CAR**

If I got any wish  
I would like to be car  
I would travel the world around  
And transport people place to place  
It would be like a dream  
If I got a chance to be a car  
I would like to help other people  
I would love other people's life  
It would be great  
If I would be a sports car  
I will win every award  
Everyone would like to drive me  
If I got a chance to be a car

# MOTHER TERESA

Mother Teresa was a great woman who had spent her life in serving the poor. She was well known all over the world for her services to mankind. She was a great legend, a highly recognized symbol of sympathy and care. She wore very simple attires, a white saree with blue border. She was a devoted servant of the God who had been sent to earth to serve the poor, disabled and suffering people living in slums. She always had a kind smile on her face.

Mother Teresa was born on 26 August 1910 at Skopje in the Republic of Macedonia. She was the youngest child. Her family struggled a lot for the bad financial status after the death of her father. When she was only 8 years old, she started helping her mother in charity works in the church. She was the woman of deep faith and confidence. She always praised God for everything. In her later life, she served in India in the field of education as a teacher. She learnt Bengali and taught at St. Teresa's School. She served people from all religion with love and kindness. Mother Teresa was honoured with the Nobel Prize in 1979.

The Government of India honoured her with the Bharat Ratna, the highest civilian award of India. Mother Teresa breathed her last on September 1997. Her life was devoted to mankind and it inspires us to serve the poor and the needy.

# Women Empowerment

## *Women Empowerment: Winds of change*

Women empowerment has become the buzzword today with women working alongside men in all spheres. They profess an independent outlook, whether they are living inside their homes or working outside. They are increasingly gaining control over their lives and taking their own decisions with regard to their education, career, profession and lifestyle. With steady increase in the number of working women, they have gained financial independence which has given them confidence to lead their own lives and build their own identity. They are successfully taking up diverse professions to prove that they are second to none in any respect. But while doing so, women also take care to strike a balance between their commitment to their profession as well as their home and family. They are playing multiple roles of a mother, daughter, sister, wife and working roles of a mother, daughter, sister, wife and a working professional with remarkable harmony and ease. With equal opportunities to work, they are functioning with a spirit of team work to render all possible co-operations to their male counterparts. Women empowerment is not limited to urban, working women but women in even remote towns and villages are now increasingly making their voices echo loud and clear in society. Let us hope, women empowerment spreads to progressive as well as backward areas of our vast country.

## GOAL SETTING

Goal setting here does not refer to the setting of goal in the game of football. This is used as a proverb which means selecting a mission for our life or setting of aim in life. Everyone in the world has an aim in his/her life which he/she wants to achieve. For example someone wants to become an engineer, doctor, I.P.S, I.A.S or a writer etc. If the person wants to become something then he/she must focus on the aim and try hard to achieve it. There are three types of person in the world. First: a person who has decided his or her goal and is working hard to achieve it. Second: a person who is confused between two things or has two or more aims in life and is not able to decide any one of them. There is a common saying in Hindi that 'if you put both your legs on two different boats, then you will definitely fall in water'. This means if your focus is on two things then you will not be able to achieve any one of them. The same as in the dart board we have one single target on which we have to mark the dart.

If we concentrate on a topic or aim and try hard to achieve it then we will be able to achieve the goal. So, we should have a common goal in life. Third. The person who has not yet decided his/her aim, not even thought for it. That person is only living a simple life with no ups and downs. That person should decide a goal otherwise he/she will not get success and live a sad life with full of obstacles in future. So, we should become the first person and should decide our goal, continue to work hard with full dedication and should believe that 'I can do it'. We should develop a positive thinking, then only we will get success in life.

## CONDITION OF STREET DOGS

Dogs are known as 'faithful' friends of human and more adopted as pet. But what about the street dogs who roam here and there in the streets. We never think about them, they are also hungry of love and care. In this beautiful world, animals also have equal rights to live. Our lack of attention and awareness for dogs causes harm to them in many ways. Government should also take some steps that help in improving the condition of street dogs who roam in the garbage dumps etc in search of food. Every year 1600 dogs are injured in India and 6000000 dogs are killed in US every year in road accidents. It is not only the responsibility of government, it is also the responsibility of us, as citizens to secure the lives of streets dogs by providing them sufficient food, shelter as much as possible by us. I hope from this article if not many at least a few people will certainly be conscious about the betterment of lives of the street dogs.

## WHY GOD MADE TEACHERS

Why god made Teachers  
When god created teachers,  
He gave us special friends  
To help us understand his world  
And truly comprehend  
Of everything we see,  
And become a better person  
With each discovery  
When god created teachers,  
He gave us special guides  
To show us ways in which to grow  
So we can all decide  
How to live and how to do  
To lead us so that we can lead  
And learn how to be strong  
Why god created teachers,  
In his wisdom and his grace  
Was to help us learn to make our world  
A better, wiser place

# NATURE

## THE WORLD'S BEST TEACHER

Nature is a great teacher. No wonder our ancestors used to look up to nature to understand about life itself. Our ancient Scriptures are filled with hymns devoted to nature, as we treated nature as God in many instances. The Sun, Moon, Trees, Rivers, etc. all were treated as Divine Creatures. Let us also see what we could learn from them:-

**SUN:** The giver of light, energy, seasons... the list is endless. But what we could learn most from it is how we should be when we are in a position of power.

Many a times the sun is covered by the clouds ..yet, what does it do? It does not wrestle with the clouds to show who is greater; it does not take away the clouds moment of glory, that the cloud could overshadow somebody as great as the sun. Instead, the sun gives the cloud a halo, its silver lining, making the cloud look more beautiful. Humans especially leaders need to learn this from the sun.

When one is great, they are powerful, it is not necessary to take away the limelight from others all the time... Appreciating others not only adds to that person's glory, it also makes others to see you again.

**MOON:** The bestower of calm, cooling sensations to the aggrieved or restless mind, the moon changes its shape everyday, it is called fickle ... but have you ever visualized the moon with a sad expression? No, never. In any shape, it always seems that the moon is smiling. Whether it is a wide, crescent smile or an open toothed, half-moon smile or a peaceful full moon smile ..it's always happy and filled with love. It doesn't matter that it is forced with a change every single day. It still inspires.

**RAIN:** We love the rains; we look forward to a break from the heat. It bestows life into the parched earth. It helps crops to grow. But it also creates messy, dirty roads. Much like life – this beautiful life of ours creates messy, ugly situation sometimes. These situations make us understand life; they make us realize the value of everything that we have. They help us grow.

**TREES:** Nature's ardent helper, giver of oxygen, provider of shade to the tired traveller, health giver, shelter provider to the birds and other creatures. The tree never knowingly harms anybody. Instead, it feeds the pond that hurt it, whether one

pelts it with stone for the fruit or cut it for the wood. The first knowledge of virtues like patience, forgiveness, generosity must have come by observing the trees.

**RIVERS:** The river is one of the most important eco-system in the world. It is the giver of life to the fields, animals, trees and human alike. It finds its way through the mountains and hills, through rocks and stones. It is playful in some places, tumbles down with a roar or is very peaceful. Sometimes, it finds its own sweet music, makes its own path and there is nothing that can stop it. And best of all, it accepts its merger into the big, wide sea. Can human life and its final journey be any different?

**SEA:** There is nobody on earth who can claim to know how many treasures the seas contain in its depth. Look into our lives ... We can never measure the depth of human emotions, can we? Every emotion is a treasure which does not have to be displayed to one and all. Being peaceful and humble despite our richness, remaining within our limits should be the most important lessons that we can learn from the sea. Never forget that there is always another wave even if the earlier one returns... there is always more to life, irrespective of the setbacks.

**FIELDS:** Barren sometimes and sometimes slushy, a verdant green sometimes and brown otherwise, the fields reflect the seasons so beautifully. They are willing to bear the pain of ploughing and weeding, to give the farmer their best crops. Even when the crops are cut and they are neglected, they sprout grass to feed the cows. To bring out from the depths to give and then give some more selflessly, is what we can learn from the fields. Remember that the lush fields also lay bare from time to time. That is the time that the field replenishes its reserves. In business when we face a downturn, that is the time to start collecting our energies and build up reserves so that when the time is right, we are able to give our best.

Divinity exists in all aspects of life. When we are aware of ourselves, we become aware of God in all, forms big or small. We in the process learn to live life well, we become complete.

## MATHEMATICS: THE OMNIPRESENT BEAUTY A TRIBUTE TO THE LEGENDARY RAMANUJAN

The journey of mathematics is quite interesting. It has various twists & turns. But one thing always remains the same. When mathematics combines with human efforts, the only product it gives is- development, development & development.

Our voyage starts with the origin of mathematics. How old is mathematics? It is older than me, than you, than everything, than human existence. From millions of years birds and fishes are using it for navigation. Animals are using it to count their babies. Humans are using mathematics: since they were cavemen. Mathematics taught them to distinguish between one, two and many. Since then at every point of time mathematics developed human society and opened the doors of new possibilities!!!

Mathematics has a rich past. Mathematics has played a significant role in the development of Indian culture for millennia. Mathematical ideas that originated in the Indian subcontinent have had a profound impact on the world. India has given innumerable things to the world in the field of mathematics. A few examples are-Decimal, Numeric systems, sin and cosine, Diophantine equation and nothing but everything-“zero”

**“Jab zero diya mere bharat ne, duniya ko tab ginti ayi”**

Like our past and present, our future also has strong connections with mathematics. How? The first word that hits our mind is ‘digital’ which comes from the word ‘digit’. What will mathematics bring to our future? The answer is teleportation which is the method to move different objects from one point to another point in space. Time travel which is travelling between the different points of time without its actual passage. Robotics which includes the robots that will do household and office work.

From our voyage we know that in our past, mathematics was needed everyday, in our present it is needed every second, what will happen in the future.....its your turn to think!!!

## आओ दोस्ती इनसे कर लें

आओ दीदी, आओ बाहर,  
देखो तो इनकी शैतानी,  
जितना भागे हम बचने को,  
उतना डालें हम पर पानी।

टपटप करतीं, टपटप करतीं,  
बूँदे ये पूरी महारानी,  
महारानी न, ये तो दीदी,  
शैतानों की पूरी नानी।

सबको भिगो-भिगोकर देखो,  
मजा लूटती हैं ये कैसे,  
रिमझिम-रिमझिम गाना गाकर,  
मनमानी करती हैं कैसे?

आँख मूंद लूँ तो लगता है,  
खूब नाचना इनको भाता,  
हम भी नाचें झूम-झूमकर,  
लगता मन इनका यह करता।

आओ दीदी, आओ बाहर,  
हम भी आओ इनसे खेलें,

आओ दोस्ती इनसे कर लें।

## पुस्तकों से क्या लाभ

पुस्तकें हमें शिक्षा देती हैं। हमें परीक्षा में लिखने के लिए पढ़ने के लिए पुस्तकें चाहिए। पुस्तकों में लिखी गई कहानियाँ, कथाएँ कितनी अच्छी होती हैं। पुस्तक हम भी लिख सकते हैं। क्या आप जानते हैं कि रसकिनसन बॉड और एनिड ब्लैटन कितने सारे लेखक हैं जिन्होंने बहुत सारी अच्छी किताबें लिखी हैं। पुस्तकों के अन्दर सपने हैं जिसे हम खुली आँखों से देख सकते हैं। मेरे पास बहुत सारी पुस्तकें हैं जैसे-पंचतंत्र, रामायण, महाभारत आदि। इसलिए हमेशा पुस्तकें पढ़ते रहना चाहिए जिससे हमारे ज्ञान में वृद्धि होगी।

## एक लोमड़ी

एक लोमड़ी घूम रही थी,  
जंगल में चुपचाप,  
सोच रही थी कैसे पाऊँ,  
जी भर भोजन आज।

तभी अचानक उसने देखी,  
जंगल में बारात,  
वक्त गंवाए बिना हो गई,  
सूट पहन तैयार।

जाकर बन बैठी लोमड़ी,  
एक बाराती सुंदर,  
और मिठाई देख के आया,  
पानी मुँह के अंदर।

तभी अचानक उसने देखा,  
बाराती थे सब शेर,  
जान बचाकर भागी लोमड़ी,  
लेकर भूखा पेट।

## पेड़

पेड़ धरती माता का एक अनमोल तोहफा हैं। पेड़ हमें प्राण वायु देते हैं जिसे ऑक्सीजन कहते हैं। तथा कार्बन डाई ऑक्साइड को ग्रहण करते हैं। पेड़ जानवरों और पक्षियों को बसेरा देते हैं। इनकी लकड़ियों का इस्तेमाल लकड़ी की कुर्सी, मेज, पलंग तथा दरवाजे और खिडकियाँ बनाने के लिए किया जाता है। पेड़ रास्ते पर जाने वाले पथिकों को छाया देते हैं। पेड़ों से ही दवाइयाँ बनती हैं। पेड़ों से कागज भी बनता है, जिससे किताबें व पुस्तकें आदि बनती हैं।

जो बोलते हैं वही लिखते हैं,  
मन के भाव सही उभरते हैं।  
हिंदी भाषा ही तुम्हें, प्रकृति के समीप ले जाएगी,  
मन की शुद्धि, सहायक यह बन जाएगी।  
कुछ हवा चली है ऐसी यहाँ,  
कहते हैं मातृभाषा को बदल डालो।  
बदल सकोगे क्या तुम अपनी माता को?  
मातृभाषा का क्यों बदलाव करो।  
देवों की भाषा का क्यों तुम तिरस्कार करो,  
बदल सको तो तुम अपनी सोच को बदल डालो।  
हर इक भाषा का तुम दिल से सम्मान करो  
हिंद की जड़ों पर आओ हम गर्व करें,  
हिंदी भाषा पर आओ गर्व करें।

## बचपन

बचपन के हैं मीठे गीत,  
बचपन के अनमोल हैं मीत।

बचपन तो है रंग-बिरंगा,  
जैसे भारत का ये तिरंगा।

बचपन की है शान निराली,  
करते सब इसकी रखवाली।

बचपन तो है एक वरदान,  
इसपर हो जाऊँ कुरबान।

## प्यारी माँ

मम्मी मेरी प्यारी है,  
सारे जग से न्यारी है।  
हँसती है तो लगती है,

सुन्दर उसकी सूरत है।  
और किसी को हो न हो,  
उसकी मुझे जरूरत है।

## बस्ते, बस्ते, बस्ते हैं

बस्ते, बस्ते, बस्ते हैं, कितने भारी बस्ते हैं?  
हमें बहुत थकाते हैं, पाठशाला जब जाते हैं।  
लगते भारी बस्ते हैं, कितने लंबे रस्ते हैं,  
थक जाएँगे, थक जाएँगे, ऐसे बस्ते कैसे उठाएँगे?

नहीं उठा पाएँगे, नहीं उठा पाएँगे,  
हम कैसे चल पाएँगे,  
हम थक जाएँगे, बस्ते, बस्ते, बस्ते हैं,  
कितने भारी बस्ते हैं?  
भारी हमारे बस्ते हैं, इसे उठाकर आना मुश्किल,  
इसे उठाकर जाना मुश्किल, सभी पुस्तकें लाना मुश्किल।

कोई शिक्षक को समझाए, थोड़ा इसे हल्का करवाएँ,  
तब हम इसे उठा भी पाएँ, पढ़-लिख कर बने नवाब,  
ऊँचा करें देश का नाम,  
बस्ते, बस्ते, बस्ते हैं, कितने भारी बस्ते हैं?

## दोस्ती

दोस्ती क्या है इसे कोई जान नहीं सकता।  
इसकी गहराई कोई यंत्र माप नहीं सकता।।

इसे खरीद सकता नहीं कोई धन से।  
यह तो हो सकता है किसी भी निर्धन से।।  
कृष्ण सुदामा की दोस्ती, इसकी मिसाल है।  
मत पूछो यारों, यह तो खुद बेमिसाल है।।

दुनिया हँसती है, दिल की तड़प को देखकर।  
मरने के बाद देखती नहीं पलटकर।  
यह देखकर दिल की तड़प, जो पहुँच जाती सिमटकर।  
यह तो दोस्ती है यारों, जो है बिल्कुल हटकर।।

यह ईश्वर की अमानत है, हमें इसे बचाना है।  
दोस्ती की खातिर, कभी मरकर हमें दिखाना है।।  
पर! कुछ ने इस दोस्ती पर एक दाग लगाया है।  
अरे मूर्ख! तूने जीते जी मुझे चिता पर बिठाया है।।

दोस्ती पर लगे दाग को हमें मिटाना है।  
तभी सफल होगा मेरा यह तराना है।।

## आँखों का रिश्ता

सबसे प्यारा रिश्ता हमारी आँखों का होता है। जो एक साथ ही रोती हैं, सोती हैं, खुलती हैं और एक साथ ही बंद होती हैं। लेकिन हमारी दुनिया में आँखों का कोई महत्व नहीं है। उन लोगों से पूछो जिनकी आँखें नहीं होती। बिना आँखों के हमारी जिन्दगी अधूरी है। एक आँख दूसरी आँख का साथ कभी नहीं छोड़ती जबकि वो एक-दूसरे को नहीं देख पातीं।

लोग कहते हैं गुरु ज्ञान देते हैं,  
शरीर होता है, मगर प्राण देते हैं।

गुरु ही शिष्य को नयी पहचान देते हैं,

जीवन होता है मगर जीने का अंदाज देते हैं।

## पढ़ने की चाह

एक बार की बात है। एक गरीब लड़का रहता था। उसे पढ़ने की बहुत चाह थी। लेकिन उसके पापा अनपढ़ थे। इसलिए उनके पास कोई नौकरी नहीं थी। एक दिन उस लड़के ने सोचा कि मैं दुकान में काम करके पैसा कमाकर पुस्तकें खरीद कर पढ़ूँगा और अच्छा स्थान प्राप्त करूँगा। जिससे मैं अपने माता-पिता को अच्छा जीवन दे सकूँ। लेकिन कुछ दिनों से उसके पास पैसे नहीं आए क्योंकि वह जिस दुकान में काम करता था अब उस दुकान वाले ने कहा कि मैं 15 साल से कम उम्र वाले बच्चों को काम पर नहीं ले सकता। यह कहकर दुकान वाले ने उसे निकाल दिया। तो फिर जो उसके पास पुस्तकें थीं वो फिर केवल उन्हीं पुस्तकों से पढ़ने लगा। पैसे न होने के कारण उसके घर में बिजली भी नहीं थी। एक दिन रात को जब वह पढ़ रहा था तो उसे अपने पास एक कागज मिला। उसमें लिखा था कि इस प्रतियोगिता में कोई भी भाग ले सकता है, वह भी बिना शुल्क के और जीतने वाले को हमेशा के लिए मुफ्त शिक्षा मिलेगी। उस बच्चे ने उसमें भाग लिया और कुछ दिन बाद रिजल्ट आने पर पता चला कि वह इस प्रतियोगिता को जीत चुका है। तो उसने फिर स्कूल जाना शुरू किया। अच्छे अंक से बड़ी नौकरी प्राप्त कर ली और अपने माता-पिता को सुखी जीवन देने लगा।

## ग्लोबल वार्मिंग

ग्लोबल वार्मिंग किसी एक व्यक्ति या एक देश की समस्या नहीं है बल्कि आज ये पूरे विश्व की सबसे बड़ी समस्या है। अगर यह ऐसे ही बढ़ती रही तो वे दिन दूर नहीं जब पूरी धरती का अंत हो जाएगा।

ग्लोबल वार्मिंग का अर्थ है – धरती का तापमान बढ़ना। धरती का तापमान दो कारणों से बढ़ रहा है एक लगातार प्रदूषण और दूसरा ग्रीन हाऊस गैस।

ग्लोबल वार्मिंग के मुख्यकारण हैं जैसे:-

- 1) लगातार पेड़ों को काटना
- 2) जनसंख्या का बढ़ना
- 3) फैक्ट्रियों का धुंआ
- 4) ओजोन परत का कमजोर होना

हमें ग्लोबल वार्मिंग को रोकने के लिए अधिक से अधिक पेड़ लगाने चाहिए, क्योंकि पेड़ हमें जीवन जीने के लिए ऑक्सीजन प्रदान करते हैं।

## भारत की बदलती संस्कृति

भारत अपनी संस्कृति और परंपरा के लिए बहुत प्रसिद्ध है। यह विभिन्न धर्मों की भूमि है। भारत की सभ्यता सबसे पुरानी है। जहाँ मेहमान को भगवान का स्वरूप माना जाता है। भारत में पहले विद्यालय पेड़ की छाँव में होते थे। लोग आराम से संयुक्त परिवार में रहते थे। सबसे आराम से बात करते थे। इतना ही नहीं हमारी संगीत और नृत्य कला सबसे अच्छी थी परन्तु आजादी के बाद लोगों ने अपनी संस्कृति का त्याग करना शुरू कर दिया। हम लोगों ने अंग्रेजों की तरह छोटे परिवार में रहना शुरू कर दिया जहाँ हम किसी से बैठकर आराम से बात भी नहीं कर सकते।

पहले हम माता-पिता को माता श्री और पिता श्री कहकर संबोधित करते थे। आज के बच्चे उन्हें माँम और डैड कहते हैं। अब लोगों ने विदेशी गाने जैसे रॉक म्यूजिक तथा नृत्य में ब्रेक डांस अपनाना शुरू कर दिया। आप विश्वास नहीं करेंगे, विदेशी लोग संस्कृत पढ़ने विश्वविद्यालय में आते हैं क्योंकि भारत के लोगों को तो पता ही नहीं है कि संस्कृत के वेदों में वे रहस्य छुपे हैं जो अब तक किसी को पता नहीं चले और भारत के लोग उन्हें ही त्याग कर विदेशी भाषा को पढ़ना चाहते हैं।

मैं आप सब से यह कहना चाहती हूँ कि 'जागिए और देखिए अपनी संस्कृति को, आपको वो मिलेगा जो आपको कहीं नहीं मिला।'

मात्र संस्कृत ऐसी भाषा है जिसे बोलने से बिमारियाँ दूर होती हैं।

## उर्मिला का इंतजार

राम और सीता जी का हुआ वनवास  
 लक्ष्मण भी गए उनके साथ  
 बिना सोचे समझे लक्ष्मण  
 चले गए राम और सीता जी के साथ  
 न सोचा अपनी पत्नी के बारे में एक बार  
 कैसे रहेंगी बिना पति के चौदह साल  
 फिर भी उर्मिला ने किया  
 चौदह साल का इंतजार  
 दिल पर पत्थर रखकर  
 किया सारे रीति रिवाजों का पालन हर बार  
 पीड़ा उन्हें भी हुई, दर्द उन्होंने भी सहा,  
 सहती रही न कुछ कहा  
 हर पल, हर वक्त, हर समय,  
 आती थी बस लक्ष्मण की याद  
 था उनका एक ही लक्ष्य  
 आ जाएँ लक्ष्मण उनके समक्ष  
 उर्मिला का लक्ष्मण का था चरित्र ऐसा  
 राम और सीता के पवित्र बंधन जैसा  
 जब लक्ष्मण आए अयोध्या के पास  
 हो गया था उर्मिला को अहसास  
 जब लक्ष्मण आए अयोध्या के अंदर  
 उस वक्त थी उर्मिला मंदिर के अंदर  
 जब लक्ष्मण का हुआ उर्मिला से सामना  
 तब जाकर पूर्ण हुई उर्मिला की मनोकामना।

## भेदभाव

दहेजी दानव ने बगराया,  
 भारी भ्रष्टाचार जी,  
 इस दानव को मार भगाओ,  
 है जन-जन का भार जी।

पुत्र जन्म लेते ही घर में,  
 लहर खुशी की छा जाती,  
 बेटी बिन भई जग है सूना,  
 फिर कहर क्यों बन जाती।

बेटी है गुणों की खान,  
 कोई कमी नहीं व्यवहार में,  
 फिर भी बीतता कष्ट में जीवन,  
 ताने सहते ससुराल के।

शिक्षा को तुम ढाल बनाकर,  
 खात्मा करो रूढ़ि संस्कार का,  
 कड़वा घूँट कल पड़े न पीना,  
 हीन, दासता, अत्याचार का।

पैसे को भगवान समझकर,  
 करते अत्याचार जी,  
 इस दानव को मार भगाओ,  
 है जन-जन का भार जी।

## काला पानी की सजा

काला पानी की सजा एक ऐसी सजा थी जिसे सुनते ही हमारे स्वतंत्रता सेनानियों का दिल बैठ जाता था। यह सजा हमारे स्वतंत्रता सेनानियों को प्रताड़ित करने के लिए 1906 ई0 को ब्रिटिश सरकार द्वारा एक जेल के रूप में बनाई गई थी। यह जेल अंडमान-निकोबार द्वीप के पोर्टब्लेयर में बनाई गई थी। इस जेल को इस प्रकार निर्मित किया गया था ताकि कोई भी सेनानी इसके पार न जा सके। इस जेल को बनाने में करीब 10 साल लग गए थे। इस जेल के चारों ओर समुद्र होने के कारण कोई भी स्वतंत्रता सेनानी जेल पार करने से डरता था। लेकिन एक बार करीब 200 सेनानी एक साथ भागने में कामयाब हो गए थे। मगर उन्हें वापिस पकड़कर जेल में कैद कर लिया गया। यह बात जब जेल अध्यक्ष वॉकर को पता चली तो एक सेनानी ने वॉकर की प्रताड़ना से छुटकारा पाने के लिए भारत माता का नाम लेते हुए आत्महत्या कर ली। इस सूचना के बाद वॉकर ने गुस्से में 85 सेनानियों को फाँसी की सजा सुना दी। इस सेल्युलर जेल में अनेक कक्ष हैं जो विभिन्न प्रताड़नाओं के लिए प्रसिद्ध थे। इस जेल में स्थित सभी सेनानियों खासकर भारतीयों के साथ जानवरों से भी बुरा बर्ताव किया जाता था। इस जुर्म को सहते-सहते 1930 में कई स्वतंत्रता सेनानियों ने भूख हड़ताल कर दी तथा इस भूख-हड़ताल को खत्म करने के लिए ब्रिटिश सरकार ने अनेक तरह की प्रताड़ना सैनिकों को दी। उस वक्त महात्मा गाँधी, रविन्द्रनाथ टैगोर तथा अनेक महान राजनेताओं का नाम पूरे-देश में फैल गया था, और जब हड़ताल की बात महात्मा गाँधी तक पहुँची तो उन्होंने रविन्द्रनाथ टैगोर के साथ मिलकर सभी स्वतंत्रता सेनानियों को उस जेल से निकालने के लिए ब्रिटिश सरकार से स्वीकृति मांगी। इस प्रकार सभी स्वतंत्रता सेनानी उस जेल से धीरे-धीरे बाहर निकल गये। आजादी के बाद भारतीय सरकार ने काला पानी की सजा का हमेशा के लिए अंत कर दिया और इसको आम आदमी के प्रदर्शन के लिए खोल दिया।

## मैं और मेरी प्यारी बिल्ली

एक पहेली ऐसी जिससे,

## चैन छीनता हुआ मोबाइल

जब से मोबाइल का चलन शुरू हुआ है तब से लेकर आजतक हर व्यक्ति के पास मोबाइल है। कुछ लोग तो इसको हाथ में लेकर बड़प्पन का दिखावा भी करते हैं।

आज मोबाइल अनेक रूपों में बाजार में उपलब्ध है और हर कोई इन्हें खरीद रहा है, क्योंकि इनसे बहुत फायदे भी हैं जैसे पत्र के बदले मोबाइल से बातचीत करना आदि परंतु इन सबसे लोगों की दूरियाँ कम होती हैं तथा उनका चैन भी छीन लिया जाता है। अनेक क्षेत्रों में दुर्घटना इसी के कारण होती है। परिवार और छात्र जीवन के लिए यह एक त्रासदी बन गए हैं। इसलिए ये हानि और लाभ दोनों लाते हैं और इनकी हानियाँ और लाभ दोनों हम लोगों को सहनी पड़ती हैं। आज कोई भी मोबाइल से दो पल के लिए भी अलग नहीं हो सकता। सब मोबाइल से चिपके रहते हैं और यह हम सबका चैन छीनता रहता है। इसलिए यह माध्यम मानव के लिए विज्ञान की ऐसी अद्भुत देन है जो हर व्यक्ति की आवश्यकता बन चुका है।

## सफलता

सफलता बड़ी ही है चुल-बुली,  
जब हाथ आती तो खुशी दे निश्चल्ल॥

परंतु हाथ तभी आती,  
जब मेहनत का अंबार पाती॥

हाथों से ये जब जाती निकल,  
तब आती है ठिकाने अकल॥

अगर हुए असफल,  
तो यह सोचकर मत बैठना कभी,  
कि तुम्हें नहीं मिलेगा फल॥

सफलता का महत्व, तभी आएगा समझ में, जब  
होंगे आप असफलता के बोझ में, परंतु यह समय  
घबराने का नहीं, कुछ कर दिखाने का है॥

अपनी सफलता के साथ, सदा करते रहना  
विकास, परंतु कभी मत खोना अपना  
आत्म-विश्वास॥

## मेरे गुरु

मेरे गुरु मेरी इतनी परवाह करते हैं जैसे माता-पिता करते हैं। हाँ यह तो सही है कि हमारे माता-पिता और गुरु ही भगवान के स्वरूप हैं। वे हमें ऐसी बातें समझाते हैं जो हमारे आने वाले समय में काम आयें और तो और गुरु का दर्जा बहुत बड़ा होता है क्योंकि गुरु ही हैं जो हमारा भविष्य बनाते हैं। इसलिए गुरु का दर्जा भगवान से भी बड़ा होता है। हमारे गुरु हमें ऐसे समझाते हैं कि हमारे दिमाग में यह बात आसानी से बैठ जाए और भविष्य में वह बात हमारे काम आ जाए। हम सबके गुरु हमें डांटते हैं क्योंकि वो हमारी परवाह करते हैं।

गणित की भाषा

बच्चा: अध्यापक जी, एक सवाल पूछूँ?

अध्यापक: हाँ-हाँ क्यों नहीं! पूछो-पूछो, हर सवाल को हल करता हूँ मैं।

बच्चा: अध्यापक जी, मुझे यह बताइए कि लोग हिंदी, अंग्रेजी, उर्दू, फारसी, बंगाली आदि भाषाएँ बोलते हैं लेकिन गणित भाषा क्यों नहीं बोलते?

अध्यापक: क्यों नहीं! गणित भाषा भी हम बोल सकते हैं, बोल कर दिखाऊँ।

बच्चा: दिखाइए।

अध्यापक: ज्यादा 3-5 मत करो, नहीं तो 5-7 खींच के दूँगा, 32 के 32 दाँत तोड़ दूँगा और 36 के 36 तारे दिखा दूँगा, जल्दी 9-2-11 हो जा।

बच्चा: बस कीजिए अध्यापक जी, इससे अच्छी तो हिंदी और अंग्रेजी हैं।

## दोस्ती है अनमोल रत्न

दोस्ती है अनमोल रत्न,  
नहीं तोल सकता जिसे कोई धन,  
सच्ची दोस्ती जिसके पास है,  
उसके पास दौलत की भरमार है।

भटके जब भी दोस्त संसार के मोहजाल में,  
खींच लेता है सच्चा दोस्त उसे अच्छाई के प्रकाश में,  
छोड़ देता है जब सारा जग, मुश्किल भरी राह में,  
सच्चा दोस्त साथ देता है तब, जिंदगी की राह में।

बने चाहे दुश्मन क्यों न जमाना सारा,  
सच्चा दोस्त साथ देता है सदा हमारा।

## कटु सत्य

आजकल के दौर में कहीं भी संयुक्त परिवार देखने को नहीं मिलता और अगर देखने को मिल गया, तो समझो ऊपर वाले की देन है। एक बड़े शहर में जहाँ सब एकल परिवार में रहना पसंद करते थे, उसी शहर में एक संयुक्त परिवार भी रहता था। क्योंकि उस परिवार की एक जड़ थी जो यह सब नहीं होने देते थी और उस जड़ का नाम विनोद था जो उसी परिवार का सदस्य था। वह परिवार में एकता बनाए रखने और सबको खुश देखने के लिए बहुत मेहनत करता था। वह सबकी मदद भी करता था। यह देखकर उस घर के कुछ लोगों को यह बात चुभती थी और एक दिन उन्होंने उसे इतना सुनाया कि उसे दिल का दौरा आ गया और वह मर गया। उसके मरने के बाद से ही परिवार से शांति चली गयी जो उसके जीवित रहने के समय थी। घर में फिर से लड़ाई-झगड़े शुरू होने लगे और तब उन लोगों को उनके घर के एक बुजुर्ग ने एक कटु सत्य बताया कि “कागजों को एक साथ जोड़े रखने वाली पिन ही कागजों को चुभती है,

उसी प्रकार परिवार को जोड़े रखने वाला व्यक्ति ही परिवार को चुभता है।”

विनोद तुम्हें एक साथ जोड़ के रखना चाहता था इसलिए वह तुम सभी को चुभता था। अगर तुम्हें मेरी बात समझ आ गई हो तो विनोद का यह सपना टूटने मत देना। जब उस परिवार को यह बात पता चली तो वह फिर से आपस में मिल के रहने लगे।

## शिक्षक

शिक्षक हमें पढ़ाते हैं,  
हमारा ज्ञान बढ़ाते हैं,  
सुबह को आते जल्दी से,  
लेट घर को जाते हैं।  
ज्ञान की वह वर्षा करते,  
हम उसमें नहाते हैं,  
शिक्षक हमें पढ़ाते हैं।

व्याकरण का वह ज्ञान देते,  
हिंदी को समझाते हैं,  
अंग्रेजी कहानियाँ सुनाते हमको,  
गणित मनोरंजक बनाते हैं,  
विज्ञान धीरे-धीरे समझ आता हमको,  
इतिहास फिर भूल जाते हैं,  
शिक्षक हमें पढ़ाते हैं।

पैंतालिस मिनट की कक्षा में,  
ना जाने क्या जादू सा कर जाते हैं,  
जो अब तक ना सुना था कभी,  
वह चंद मिनटों में समझा जाते हैं,  
शिक्षक हमें पढ़ाते हैं।

## ‘इक बार वापिस आ जाओ’

तिनका—तिनका जोड़ा आपने,  
यह डेविड बनाया आपने,  
अपने तन के सुंदर पौधे पर,  
हम बच्चों को फूल सा सजाया आपने।

हमारे लिए ही सब सपने देखे,  
हमारी खुशियों में ही सुख ढूँढा आपने,  
हमारे लिए इतनी मेहनत की,  
हमारे सपनों में खुद के सपने सजाए आपने।

हम बच्चे अपनी राह चलते रहे,  
और आप, यूँ ही निश्छल आशीर्वाद देती रहीं।  
सूखी डाली को हरियाली और  
बेजान को जीवनदान दिया,  
काले अंधियारे जीवन को,  
सौ सूरज से धनवान किया।

मेरा मन मानने को तैयार नहीं,  
मेरा अंतरमन सुनने को तैयार नहीं,  
कि आप हमें यूँ बीच मझदार,  
छोड़कर चली गईं।

क्यों चली गईं बताओ आप?  
अपने प्यार की झोली समेट कर,  
आपके चले जाने से सब कुछ खत्म हो जाएगा।

क्या रह जाएँगे हम,  
आपकी प्यारी ममता की मूरत देखने को  
तरसते हुए?  
क्या रह जाएँगे हम,  
आपकी गोद में अपना बचपन ढूँढ़ते हुए?

मन चाहता है कि,  
आ जाओ बस इक बार आप वापिस आ जाओ,  
आपको इन चाँद, सूरज, धरती और तारों की सौगंध,  
अपने आँचल की छाँव में,  
हमारा अधूरा भविष्य सँवार जाओ।

आ जाओ बस इक बार वापिस आ जाओ।।
